2024/1104 - Hate crime and non-crime hate incidents

In response to your recent request for information excess cost is relevant to part which removes the forces obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

- 1. Broken down by month and type of hate offence (e.g. disability, Christianity, Islam, Judaism, sexual orientation, transgender identity, alternative subculture, and any other listed category), every hate crime and non-crime hate incident recorded by your force in the following years: 2019, 2020, 2021, 2022, 2023 and 2024 (up until 31 October).**

2. For every recorded offence in the same period, (i) the exact nature of the actions or words used, (ii) where it was carried out (either a location such as school, workplace, street etc, or a specific social media platform/internet website), and (iii) the age of the perpetrator.

3. For each recorded offence in the same period, the action taken by police and outcome of the offence (e.g. £50 fine, no further action, et cetera, sent for prosecution, et cetera).

Our information is set up and searchable for our policing purposes. To obtain all the information in the format you have requested would involve manually reviewing each record on our force system. The cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (FOI) Fees and Appropriate Limit regulations 2004.

Therefore, in accordance with the FOI Act 2000 the information you have requested is exempt under Section 12 (1), and this letter acts as a Refusal Notice under section 17 (5) of the legislation.

Please see the attached table for information which is easily retrievable.
