

Response Date:13/12/2024

2024/1109 - E-scooters

In response to your recent request for information regarding;

Please provide me with the following:

The number of road traffic collisions involving e-scooters for the following periods:

November 1, 2019 – October 31, 2020

November 1, 2020 – October 31, 2021

November 1, 2021 – October 31, 2022

November 1, 2022 – October 31, 2023

November 1, 2023 – October 31, 2024

For each period, can you include the number of road traffic collisions involving e-scooters that resulted in injuries, and the number that resulted in one or more deaths.

Please note: Injury road traffic collision (RTC) data is sourced from the Home Office Stat19 returns for the period of 01/11/2019 to 31/10/2024. Please note 2023 and 2024 data is provisional and is therefore subject to change.

Please also note: There is no specific field within the stats 19 that defines E-Scooters and are normally recorded as other. As such to ensure that all the information required was captured a word search was also carried out. Due to a word search requirement all incidents involving e-scooters or e-bikes may not be captured.

E-scooters

Period	Total collisions	Total Casualties and Severity
November 1, 2019 – October 31 2020	1	1 serious
November 1, 2020 – October 31 2021	4	2 serious and 2 slight
November 1, 2021 – October 31 2022	2	1 serious and 1 slight
November 1, 2022 – October 31 2023	4	1 serious and 3 slight
November 1, 2023 – October 31 2024	2	1 serious and 1 slight

THIS INFORMATION HAS BEEN PROVIDED IN RESPONSE TO A REQUEST UNDER THE FREEDOM OF INFORMATION ACT 2000, AND IS CORRECT AS AT 09/12/2024
