2024/1186 - Casualty Care / First Aid Kits tamper seals

In response to your recent request for information regarding;

Please provide any documents related to the provision of casualty care kits on operational vehicles and any other first aid kits. I am interested in whether tamper seal tags are fitted, post user check procedure and inspection regimes.

The tags are fitted to the First Aid Boxes located in Stations and Buildings, if the tag is broken the persons who has the responsibility for checking the First Aid Boxes will report to the Building Services Supervisors for new refill pack or missing items.

In relation to vehicles, the process is for officers/Staff to replenish and reseal the first aid kits if any item are used.

The first aid kits in vehicles are inspected weekly by a supervisor. The check is to ensure the bag is present and sealed. If the seal is broken, the kit is returned to the Stores and replenished.

THIS INFORMATION HAS BEEN PROVIDED IN RESPONSE TO A REQUEST
UNDER THE FREEDOM OF INFORMATION ACT 2000, AND IS CORRECT AS AT 06/01/2025
