2024/265 - System software

In response to your recent request for information regarding;

1: Can you please provide the system software name you use for recording crime?

RMS

I understand that police forces may (or may not depending on which one) use different software's in recording and extracting crime data.

2: What programming language is your software written in?

Unknown. This information is not held by North Wales Police.

3: In addition to this can you please provide whether you have the automated capacity (i.e in this case you would not have to manually review cases) to be able to fetch/retrieve the characteristics of

**a: Ethnicity
Of suspect?
Of victim?**

Yes, we can extract the information

**b: Nationality
Of suspect?
Of victim?**

Yes, we can extract the information

**c: Religion
Of suspect?
Of victim?**

Yes, we can extract the information

**d: Country of birth
Of suspect?
Of victim?**

Yes, we can extract the information

e: The legal residency (i.e whether the person was arrested for a crime who was then found to be illegally residing in the UK)

There is no formal process to record this information.

**4: If YES to the above answers in 3, can you please provide the year when you first:
Recorded said characteristics?
Were able to retrieve automatically on your software**

Since niche RMS was introduced in 2002.

THIS INFORMATION HAS BEEN PROVIDED IN RESPONSE TO A REQUEST
UNDER THE FREEDOM OF INFORMATION ACT 2000, AND IS CORRECT AS AT 05/03/2024
