2024/271 - Acid/corrosive substance attacks

In response to your recent request for information regarding;

Based on your latest available data, how many acid/corrosive substance attacks have been recorded by your police force over the past 10 years? Can you break the victims down by age and gender if possible.

Provide all recorded outcomes for these crimes, or whichever outcomes you select.

How many attempted or threatened acid/corrosive substance attacks have there been over the past five years?

Provide all recorded outcomes for these crimes, or whichever outcomes you select.

For both of the above questions, if possible, can you say what substance was used/threatened to be used, e.g. household bleach. If possible, please provide all requested data broken down by year by calendar year.

We have searched for Violence Against the Person (VAP) where the Weapon Used Subtype "Corrosive" or "Acid" or "Noxious" or Occurrence Summary Search for "Corrosive", "Acid", "Alkali". The results have been manually checked to ensure relevance to your request.
