**2024/631 - Accident Data**

In response to your recent request for information regarding;

**I'd like to make an enquiry about how many car accidents have been officially reported since 2 February 2024 at the junction of the A487 and A493 just outside Machynlleth, and also further down on the A493 by the old Dyfi Bridge/terraced cottages where there is 'traffic calming' and bollards. I am acting on behalf of the ... that are concerned by how dangerous these spots are since the new Dyfi Bridge and road layout was opened on 2 February 2024, and would like to take action to ensure they are made safer.**

There are no injury collisions since 02/02/2024 and 2 damage only collisions which were reported to the police [one at the old Dyfi Bridge and one in the new layout].
