2024/678 - Force CCTV

In response to your recent request for information regarding;

In 2023, what proportion of Force CCTV cameras were monitored in real time by a human?

0% (zero percentage) in real time but recorded footage was retrospectively viewed as necessary.

In 2023, what proportion of Force CCTV cameras were monitored in real time by technology?

100% of the systems record images.

We had 23 systems in 2023, so the hard drives would have held 198,720 hours over that year.
