2024/685 - Speed cameras

In response to your recent request for information regarding;

- 1. Which three fixed position speed cameras in your area were responsible for (i) the issuing of the most notices of intended prosecution (NIPs) to suspected speeders in the combined three-year period of 2021, 2022 and 2023?**

By this I mean which three cameras were the busiest across the entire three-year period rather than which three were busiest in each year. Hence the response should be just three camera sites and no more.
