2024/744 - Parcel Theft

In response to your recent request for information regarding;

Q1 How many instances of parcel theft (i.e. parcels stolen from somebody's doorstep, or other cases where thieves steal a package, for example by impersonating a delivery person or homeowner) were reported between the following dates? (NOTE: If the request will be too time-consuming, please share the most recent cases first)

- 01/08/2023 – 31/07/2024

Q2 If possible, can you share the number of reported instances of parcel theft (i.e. parcels stolen from somebody's doorstep, or other cases where thieves steal a package, for example by impersonating a delivery person or homeowner) by month for each of the date ranges provided in question one or, if this is not possible, any data that would make it possible to calculate this?
