2024/758 - Common Law Police Disclosure mechanism

In response to your recent request for information regarding;

How many times, since January 2020, has the force used the Common Law Police Disclosure mechanism to disclose to an individual's employer they have been arrested?

Please do not name the individual, and if the employer is likely to identify the individual, then please use a generic term – for example 'media company', or 'building firm'.

Please also state the year contact was made with the employer, and the nature of the allegation – for example 'fraud' or 'sexual offences', rather than the specific crime which could identify the alleged suspect .

Please see the below which details the Month, Year, role type and offence type.

These are disclosures to employers/governing bodies under CLPD when someone is arrested and deemed an immediate transferable risk in their role. These figure don't include the requests for additional information we get from employers or governing bodies.

2020
