2024/824 - Cybercrime incidents

In response to your recent request for information regarding;

Number of reported cybercrime incidents broken down by region within the UK for the last three years.

Types of cybercrimes (e.g., fraud, hacking, phishing, etc.) reported in each region, if available.

Any demographic information (age, gender, etc.) of the victims and perpetrators, if available.

The total financial losses attributed to cybercrime in each region over the last three years.

Please find attached list of all cyber flagged crimes.

We have provided all data we have been able to retrieve.

To obtain the information in relation to financial losses would involve manually reviewing each record on our force system. The cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (FOI) Fees and Appropriate Limit regulations 2004.

Therefore, in accordance with the FOI Act 2000 the information you have requested is exempt under Section 12 (1), and this letter acts as a Refusal Notice under section 17 (5) of the legislation.

Although excess cost removed the forces obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

THIS INFORMATION HAS BEEN PROVIDED IN RESPONSE TO A REQUEST
UNDER THE FREEDOM OF INFORMATION ACT 2000, AND IS CORRECT AS AT 11/09/2024
