**2024/840 - the Premier League and/or Football League**

In response to your recent request for information regarding;

**Every summer, each police force writes a letter to the Premier League and/or Football League related to the fixture-setting process for the following football season.**

**This letter includes the force's requests for fixture pairing (one team playing home on the same matchweek that another team is playing away) and any other requests around fixturing that might help police, such as not wanting to a certain team to play at home when a political conference is happening.**

**Please provide me with a copy of your force's letter/s for the 2024/25 season. The letter is likely to have been sent in May and June by a senior office who routinely deals with football policing.**

North Wales Police do not hold a letter to the Premier League and/or Football League related to the fixture-setting process for the following football season.
