2024/903 - 999 emergency telephones

In response to your recent request for information regarding;

We have a number of 999 emergency telephones along the coastline of Gwynedd, which aren't now showing signs of deterioration and wear with it becoming harder to get parts for, making them unreliable to use.

Is there any way that you could provide any statistics or numbers for their use in contacting yourselves for emergency assistance over the last 10 years (or the period that you have data for within this timescale)

The phones are as follows :

We would appreciate any help that you could provide with this matter so we may review placements and repairs it would be a great help if you could break it down to number of calls from each unit (if any) for a specific year as well as the total ammount of calls from that number.

We are only able to provide the last 3 years of data from our telephony system and not the requested 10 years. Please find the number of received calls into the NWP FCC per each number:
