2025/102 - Motor Vehicle Thefts Data

In response to your recent request for information regarding;

I am writing to formally request the following information regarding motor vehicle thefts within the North Wales Police for the period from 01/01/2020 to 31/12/2024:

Definition of Request:

For the purposes of this request, "motor vehicle theft" refers to the offense of taking a motor vehicle without consent as defined under Section 12 of the Theft Act 1968. Whilst I understand some Police Force Areas record theft of motor vehicles differently (e.g. Theft of Motor Vehicle, Aggravated Vehicle Taking), any data matching the concept of motor vehicle theft is sufficient.

Requested Information:

- 1. Incident Number: A unique numeric identifier for each incident (this does not need to correspond with your internal system).**
- 2. Date and Time: The date and time of the incident occurrence or, if unavailable, the date and time of the report. If time data is not recorded, please provide the date only.**
- 3. Location: The most granular location data available (or that you are allowed to provide) for each incident, preferably in latitude and longitude coordinates. If latitude/longitude cannot be provided, please return the next most granular location data available.**
- 4. Manufacturer: The vehicle's manufacturer. If this is not a distinct column in your records, please provide the free text field where a vehicle's manufacturer is mentioned.**
- 5. Model: The vehicle's model. If this is not a distinct column in your records, please provide the free text field where a vehicle's model is mentioned.**

We have looked up the following offences on our Force system;

HO Code	HO Description
037/02	Aggravated vehicle taking
048/01	Theft of a motor vehicle

130/01	Unauthorised taking of a motor vehicle (does not include 'driving or being carried knowing motor vehicle has been taken...')
131/03	Aggravated vehicle-taking (driving/being carried) offences causing damage to vehicle and/or other property under £5000
