2025/1024 - Information sharing agreements

In response to your recent request for information regarding;

- **The number of information sharing agreements (ISA's) currently in place.**
- **A list of the organisations or agencies with which these agreements are held.**
- **A distinction (where possible within the cost/time limit) between:**
 - > **Statutory information sharing agreements (required by law), and**
 - > **Local or discretionary agreements (entered into at force or partnership level).**

If providing the full detail requested would exceed the cost/time threshold, I would be grateful if you could instead provide:

- **The total number of agreements, and/or**
- **The categories/types of organisations (e.g. local authorities, NHS bodies, other police forces, probation services, etc.), rather than named organisations.**

It is difficult to distinguish between the statutory and local/discretionary agreements, therefore we have answered second part of your question.

Our list of ISAs captures ISAs, general agreements, MOUs, protocols and DDAs (direct disclosure agreements), these are all classed as an "ISA" therefore captured these in the figures below:

Local - 124

Categories of organisations are:
