Making North Wales the safest place to live, work and visit in the UK**

To obtain data for your request we will have to conduct a key word search for 'spike/spiking or drink spike/spiking'. Please would you provide a list of offences you would like us to limit the response to e.g. Administering poison with intent to injure or annoy, Administering a substance with intent and Administering poison so as to endanger life?

Furthermore, we will not be able to obtain data on 'what drug or substance was found in a spiked drink' as this would be a manual search of every occurrence.

Clarification received

Can I please have drink spiking replaced with your all three of your suggestions

- Administering poison with intent to injure or annoy,**
- Administering a substance with intent and**
- Administering poison so as to endanger life**

Location data for the 2nd question refers to where the crime happened
Location data for the 5th question refers to where the perpetrator lives
