2025/1134 - Operation SNAP

In response to your recent request for information regarding;

Please give statistics on outcome of reports made via Operation SNAP to North Wales Police, for the relevant 12 month period defined below.

The outcome should not simply be in terms of the limited information routinely disclosed to the submitter, where a variety of different levels of police response are all grouped together as "positive action taken", but should be broken down into the actual categories of outcomes that you hold in your database.

The relevant period is the last 12 months to today, unless there is another 12 month period (ending not more than 12 months ago) for which you can provide the data more efficiently, for example if you have already produced statistics based on calendar years.

The statistics should be for all reports which were concluded during the relevant period (some of which will have been created before the start of the period), rather than for reports which were created during that period - so I'm not expecting to see a category that says "in progress" or similar.

Data has been provided for the period mentioned - 01/11/2024 and 31/10/2025.

Op Snap Submission Outcomes	Totals
NFA	967
Referred for process	413
Referred for process - Close Pass	10
Advice Notices	261
Advice Notices Close Pass	113
Total Submissions	1764

Please be advised that submissions received within the past 12 months are still being processed through our systems.
