In response to your recent request for information regarding;

Please can you tell me for the calendar year to date how many incidents of a) theft and b) vandalism have been reported at EV charging points in your force area. Please specify if private (at someone's home) or public charging points.

Please provide the same information for 2024 and 2023. It seems to be that most thefts are of cables but please do not limit the search to that criteria.
