2025/172 - Underage Drivers

In response to your recent request for information regarding;

I would like to request data regarding underage (under the age of 17) drivers who have been stopped in your area.

Could you please provide the following data for the period 01/01/2024 – 31/12/2024:

The total number of individuals stopped for driving underage.

The locations by LSOA name where each offence took place.

The last outcome category type for each individual arrested.

If possible, please provide this data in an Excel spreadsheet (or a similar format), broken down by month within the given time period.

These types of offences may be recorded in a number of different ways, and as such, there is no standard way of extracting this information.

However, please find attached the result of an occurrence search where a nominal under the age of 17 was recorded as a “driver” on any occurrence type.
