2025/201 - Collisions

In response to your recent request for information regarding;

The number of collisions at each of the A483 junctions between Halton and Rossett (in Wrexham) over the last three years

Clarification requested;

You have requested collision data at each of the junctions on the A483 in Wrexham starting at Halton, however Junction 1 for the A483 is at the A539 Ruabon.

Could you please clarify if you would be happy to receive the data from Junction 1 Ruabon, or would you like the collision data for the A5 at Halton roundabout which continues towards the A483 to also be included?

For your information, the junctions of the A483 in Wrexham are listed below:
