In response to your recent request for information regarding;

Please provide the following information for the last full financial year for which information is available.

What financial contribution did North Wales Police receive from Gwynedd County Council through Council Tax?

Including Council Tax and Government Funding, what was the budget allocation for policing the county of Gwynedd?

How much was spent on providing local policing in the each of police areas of Gwynedd North and Gwynedd South?

What is the nature of the main expenditure groups accounting for the expenditure on local policing? Please list the resources, in terms of officer numbers, operational police stations, and any other major items that you wish to include, that accounts for this expenditure?

North Wales Police received £18,713,919 precept from Gwynedd Council which is raised through the Police element of the Council Tax.

We do not hold information in the way set out above, our structure doesn't match the six County Councils in North Wales and some are Force wide.
