2025/597 - Incidents Relating to Dogs in Hot Cars

In response to your recent request for information regarding;

- **The number of reported incidents relating to dogs being left in a hot vehicle AND/OR The number of animal cruelty incidents relating to dogs being left in a hot vehicle**
- **Any supplemental data the force has with regards to numbers of incidents of dogs left in hot vehicles in your jurisdiction.**

The data should cover the years 2014-2025 broken down by month. Within this please include geographic information as well as the type of vehicle.

Our information is set up and searchable for our policing purposes. Our Icad system records incidents reported to our control room, we have searched this system for Animal/Wildlife Events from 2015-2025 + Keyword for Dog. This resulted in over 3000 incidents, we then searched these incident for the word 'hot'. These were then manual read to ensure relevance to your request as other words appear such as 'Hotel' or 'Shot'.

Incident Calendar Year Month	Event Opening Description	Comment
2014/03	ANIMAL/WILDLIFE	CALLER RPEORTING THAT THERE IS A DOG TRAPPED IN A HOT CAR...
