2025/687 - E-Scooters

In response to your recent request for information regarding;

**1. How many e-scooters were seized in the following financial years (April 1-March 31):
2022/23, 2023/24, 2024/25?**

2021 / 2022 = 14
2022 / 2023 = 10
2023 / 2024 = 18
2024 / 2025 = 39
2025 to date = 16

**2. How many reported road traffic accidents (RTAs) in 2022/23, 2023/24 and 2024/25
involved an e-scooter?**

The injury road traffic collision (RTC) data is sourced from the Home Office Stats19 returns for the period of 01/01/2022-09/07/2025. Please note that 2024 and 2025 data is considered provisional, therefore subject to change. There is no specific category for e-scooter on the Stats19, therefore a word search was carried out in addition to reviewing the vehicle category classed as 'other'.

Collisions include e-scooter who have been involved in collision but may not have sustained an injury.

This data has been analysed and broken down by financial year to include the vehicle type given as E-scooter and location of the vehicle when involved in an injury collision.

The below table provides the number of injury collisions per year

Year	Number of collisions involving e-scooters
01/04/2022 – 31/03/2023	5
01/04/2023 – 31/03/2024	3
01/04/2024 – 31/03/2025	2
