2025/875 – Watch thefts

In response to your recent request for information regarding;

Please provide the latest statistics you hold on thefts of watches valued at £3,000 or more within your force area.

Please include any notifiable offence types in which a qualifying watch was recorded as stolen (for example: theft from person, robbery, burglary, vehicle crime, etc.), where this can be filtered from your crime recording system.

1) Counts by time period

- **Total number of offences meeting the above criteria for:**
 - **01/01/2022–31/12/2022**
 - **01/01/2023–31/12/2023**
 - **01/01/2024–31/12/2024**
 - **01/01/2025–31/07/2025 (part year)**

2) Geographic breakdown

For the same periods, a breakdown by your standard local geography (e.g., city, borough/district, LPA, or command unit). Please state which geography you are using.

3) Brand / model

For the same periods, where recorded, the most commonly stolen watch brands and models (e.g., Rolex Daytona, Omega Speedmaster, Audemars Piguet Royal Oak), with counts. If model isn't consistently recorded, brand alone is fine.

4) Recoveries

For the same periods, the number of qualifying watches recovered (and, if recorded, how many were returned to owners).

5) Offence type (if readily available)

A breakdown by offence classification (e.g., robbery, theft from person, burglary), with counts for each period.

Stolen Watch Property Records linked to notifiable offences value recorded as over 3000. This search may not include all records as value is not always completed as a field. None of the records included recovered classification.

No violent acts or injuries have been recorded.
