2025/961 - RTA collision and casualty statistic

In response to your recent request for information regarding;

I would like the RTA collision and casualty statistics in the North Wales Police area for 2025, from January 1 to August 31.

Can casualties be broken down into minor, serious and fatal.

On the fatal crashes can I get the type of vehicle(ie car/motorcycle) that the person/people killed were driving/travelling in.

Can I have the same statistics for the same period in 2023 and 2024.

The below table shows the number of fatal, serious and slight casualties for the above time periods, up to 6th September 2025. This data is only valid up to the end of July.

Severity/Year	2023	2024	2025
Fatal	15	8	14
Serious	156	136	167
Slight	435	289	214

The below table shows the number of fatal collisions by the type of vehicle that the casualty was travelling in (this also includes pedestrian casualties):
