In response to your recent request for information regarding;

I am requesting the following information about recorded offences connected to schools in your force area. I am requesting aggregate numbers only, no personal data, and no information relating to identifiable individuals or specific incidents.

Please provide figures for each of the last three full financial or calendar years (please state which you have used) where held:

- 1. Whether your force is able to identify recorded offences by location type - specifically, whether offences occurring at school premises can be isolated in your recording system (for example, via a premises or location flag).**
- 2. If so, the number of recorded offences that took place at school premises, broken down by year, and, if readily available, by broad offence type (e.g. violence against the person, possession of a weapon, criminal damage).**

Although the location has been logged on our system as a particular school, it does not mean that every incident relates to that school. The information provided includes incidents reported at or in the vicinity of school premises, both during and outside school hours and will include crimes reported about members of the public who are in no way connected with the school. It includes incidents where it may be found after investigation that there was actually no crime committed. The classification afforded by North Wales Police is in accordance with the Home Office Counting Rules, and consequently incidents may not actually be as serious as the classification title may suggest.
