In response to your recent request for information regarding;

Please provide the annual financial contribution made to the Forensic Collision Investigation Network (FCIN) by each participating police force, police collaboration or other policing body, for each year from the date FCIN was established to the present.

Where a contribution has been made through a collaboration involving more than one police force, please provide the amount attributable to each individual force within that collaboration, where this information is held.

If further contributions or payments were made above the annual contribution include these and the reasons for them.

Please provide the information by financial year, preferably in table or spreadsheet format.

If North Wales Police does not hold the full information, please advise which organisation does.
