2026/277 - School break-ins

In response to your recent request for information regarding;

I am researching recorded "school break-ins" over the past five years.

Definition

For the purpose of this request, please interpret "school break-ins" as:

Recorded burglary or attempted burglary offences (business and community / non-residential burglary) where the recorded premises or location type is a school or educational establishment (including primary, secondary, and sixth-form/FE colleges where identifiable).

If your recording system uses alternative location classifications, please use the closest equivalent and briefly explain how this maps to the definition above.

Time period

**Please provide data for the last five complete calendar years:
2021, 2022, 2023, 2024, 2025 (inclusive).**

If only available by financial year, please provide the closest five-year period and specify which period has been used.

Requested information (CSV/XLSX format preferred)

For each year in scope, please provide:

1. Recorded offences

- **Total number of recorded offences matching the definition above within your force area.**

In addition, where held in a structured format:

- **Number of completed burglaries**
- **Number of attempted burglaries (or nearest equivalent classification)**

2. Geographic area (structured fields only)

For each offence (or aggregated annually if preferred), please provide the structured geographic field(s) already held in your crime recording system, such as:

- **Local authority area**
- **Postcode outward code (e.g., "OX1")**

I understand that full addresses or full postcodes may engage personal data exemptions; I am only requesting structured geographic identifiers held in your system that can be disclosed.

If specific fields cannot be released, please specify which are held but exempt.

3. Outcomes

For the same offences, please provide the number assigned to each recorded outcome type per year (e.g., charge/summons, investigation complete – no suspect identified, evidential difficulties, etc.).

If Home Office outcome types are used, please specify the outcome categories.

4. Stolen property

Where held in structured format, please provide:

- **The categories of stolen property recorded**
- **The total number of offences per category (annual totals acceptable)**

If property value is recorded in a structured field, please also provide:

- **Total recorded estimated value of stolen property per year**
- **Number of offences with a value recorded**

I am not requesting narrative descriptions or manual review of individual case files.

Our information is set up and searchable for our policing purposes. To obtain the information in relation to stolen items and value would involve manually reviewing each record on our force system. The cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (FOI) Fees and Appropriate Limit regulations 2004.

Therefore, in accordance with the FOI Act 2000 the information you have requested is exempt under Section 12 (1), and this letter acts as a Refusal Notice under section 17 (5) of the legislation.

Although excess cost removed the forces obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.
