Making North Wales the safest place to live, work and visit in the UK

- Pick out every third arrest, starting with the first of the year (i.e. arrest one, arrest four, arrest seven, arrest 10 etc.)
- Do this until you have reached the bottom of the list, or selected 40 arrests, or selected the maximum number of arrests allowed within the cost limit of this request
- If you reach the bottom of the list before exceeding 40 arrests/the cost limit, please return to the top of the list and repeat this process, starting with the second arrest of the year (i.e. arrest two, arrest five, arrest eight, arrest 11 etc.)
- If you reach the bottom of the list again before exceeding 40 arrests/the cost limit, please return to the top of the list and repeat this process, starting with the third arrest of the year (i.e. arrest three, arrest six, arrest nine, arrest 12 etc.)

If, for any reason, this method is not practicable, please simply select the first 40 eligible arrests by date in 2024. If you do this, please state that you have.

For each arrest in the sample, please provide:

1. An anonymised reference (e.g. A1, A2, A3 etc.)
2. The date of the arrest (month and year only, e.g. May 2024)
3. Which of the above offences is recorded (any of the sections of the Public Order Act listed above)
4. Any other offences that are recorded
5. The existing short "offence summary" / "crime summary" / "custody record description" / "modus operandi (MO)" text (or equivalent field) that describes the conduct

Clarification requested;

Please could you confirm if you are happy for us to generate a random sample rather than every third record as requested?

Clarification received;

a random sample will be fine.
