2026/442 - Parcel Theft

In response to your recent request for information regarding;

Parcel thefts and outcomes (2022-2026)

Please provide data relating to theft of delivered parcels (for example, parcels stolen from doorsteps, communal hallways, shared post areas, or immediately outside residential premises), recorded by your force between 1 January 2022 and 31 December 2026 inclusive.

Recorded offences

- 1. Please provide the total number of recorded crimes per calendar year (2022, 2023, 2024, 2025, and 2026 to date) where:**
 - the Home Office crime code used was 49/10 - Theft (not classified elsewhere) (or any successor or equivalent code), and**
 - the recorded circumstances indicate that the stolen property was a delivered parcel or package.**

Outcomes

- 1. For the offences described above, please provide, broken down by calendar year, the number of cases that resulted in:**
 - a) an arrest, and**
 - b) a charge.**

If outcomes are recorded using outcome codes rather than arrest/charge fields, please provide the figures corresponding to:

- crimes resulting in at least one arrest, and**
- crimes resulting in a charge or summons (or equivalent disposal).**

Making North Wales the safest place to live, work and visit in the UK**

Identification method

I recognise that there is no specific Home Office offence code for parcel theft. For the purposes of this request, parcel theft offences may be identified using:

- any local flags, markers, or MO categories used by your force, and/or
- keyword searches within free-text fields (for example "parcel", "package", "delivered", "left at doorstep", "communal area", or similar).

Please use whichever method or combination of methods your force normally relies on when responding to internal analysis or FOI requests of this nature.

Context and limitations

If it is not possible to provide a complete response, please:

- indicate which parts of the request cannot be answered,
- explain why the information is not held or not retrievable, and
- provide any partial data that can be disclosed within cost and time limits.

Please also confirm:

- the crime recording system used during the period covered, and
- whether any changes to recording or outcomes practice between 2022 and 2026 may affect comparability over time.
