

Response Date:14/05/2026

2026/454 - Under the age of criminal responsibility

In response to your recent request for information regarding;

1. In the last three years, how many crimes were recorded by the force where a suspect identified could not be prosecuted because they were under the age of criminal responsibility (10)?

A. Please break the data down by calendar years, for the years 2023, 2024 and 2025.

2. Please also include:

A. Age of suspect

B. Type of offence (e.g. criminal damage, robbery.)

C. The date of offence (day/month/year)

D. Town/city (or force district area/division)

E. Brief description of the offence where it exists (if this would not exceed the request limit)

Our information is set up and searchable for our policing purposes. We have extracted all occurrences reported within the requested time period which have an outcome 11 - below age of criminal responsibility. We have difficulty in providing the age of the child as they are not consistently recorded as suspect, they will be recorded as child/young person. There can be more than one child linked to an occurrence and therefore a manual review of each record is required. The cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (FOI) Fees and Appropriate Limit regulations 2004.

Therefore, in accordance with the FOI Act 2000 the information you have requested is exempt under Section 12 (1), and this letter acts as a Refusal Notice under section 17 (5) of the legislation.

Although excess cost removed the forces obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.
