2026/467 - Car Theft

In response to your recent request for information regarding;

I would like to request data relating to car thefts within your police force area over the last three calendar years.

Specifically, please provide the following:

The total number of reported car thefts for each of the following years:

2023

2024

2025 (or the most recent year available)

Where possible, please include a yearly breakdown of the data as separate totals.

In addition, where available, please provide a monthly breakdown of these figures for each year.

For the purposes of this request, I would like the above data broken down for the following areas within your force:

Conwy

If data is not held specifically at city level, please provide the closest available geographic breakdown (e.g. borough, district, or policing area) that corresponds to these locations, and indicate how these areas map to the requested cities.

If exact figures are not held in this format, I would be grateful if you could provide the closest available equivalent data or reasonable estimates based on existing records.

If your internal definitions differ, please provide the data according to your standard classifications and include a brief explanation of how the figures are defined.

If any of this information is already publicly available, I would appreciate it if you could direct me to the specific source.

The data contains Theft of a Motor Vehicle (TOMV) offences with either Vehicle Type Car or SUV, or "Car" in summary.
