2026/547 - Hate Crime

In response to your recent request for information regarding;

1) For each individual calendar year from 2021 to 2025, and 2026 to date, how many reports you received and recorded as potential racial or religious hate crime where the location type was recorded as "education" (whether or not the report resulted in further investigation / action).

Within each year please categorise these by the age of the reported offender, either an exact number if possible or a range of ages if exact figures are not always recorded (with a column for "unknown" if applicable).

Please present this data in separate tables for incidents where the recorded location was:

- A) A nursery**
- B) A primary school**
- C) A middle school**
- D) A secondary school**
- E) A special school**
- F) A university**
- G) Any other school or education setting, with a text entry describing the types of locations reflected. If another category is recorded (i.e. Sixth Form/FE college), please present this as an additional table.**

2) Please also provide the equivalent data, with the same parameters, but for cases where the incident was ultimately recorded as a non-crime hate incident.

**Yn gwneud Gogledd Cymru'r lle mwyaf diogel i fyw, gweithio ac ymweld yn y DU
Making North Wales the safest place to live, work and visit in the UK**

Please note:

We do not have fields which capture schools by type in the same way (primary school / secondary school etc – therefore we have split data by the location subtypes available.

Please also note: Although the location has been logged on our system as a particular school, it does not mean that every incident relates to that school. The information provided includes incidents reported at or in the vicinity of school premises, both during and outside school hours and will include crimes reported about members of the public who are in no way connected with the school. It includes incidents where it may be found after investigation that there was actually no crime committed. The classification afforded by North Wales Police is in accordance with the Home Office Counting Rules, and consequently incidents may not actually be as serious as the classification title may suggest. It is therefore not a true reflection of the school, the pupils or the staff. Consequently, this data is not suitable to be used in the formulation of league tables as the data in the format provided is not necessarily comparable.
