2026/607 - Live scan Fingerprinting machines and associated contracts

In response to your recent request for information regarding;

1. The current contract arrangements your Force has in place for any system, service, or technology used for the capture, processing, or management of fingerprints.

Capture and enhancement of Fingerprints developed in the Fingerprint Enhancement Laboratory – Foster and Freeman DCS5 system - no contract in place
Processing, comparison of Fingerprints – Setting up AGX Lift-SP system, not currently in use – 3-year contract in place
Management of fingerprints – National IDENT1 system

2. The exact contract end date(s) for these arrangements.

AGX Lift-SP - 2028

3. Whether your Force intends to renew, retender, or replace this capability, and if so, the anticipated timeline for doing so.

AGX Lift-SP – currently in 3-year contract therefore renew/replacing capability would be reviewed closer to the end of the contract

4. The name, role, and contact details of the individual or team within your Force responsible for the procurement, management, or strategic oversight of fingerprint-capture capabilities (e.g., biometrics lead, forensics lead, digital services lead). This is requested to ensure future communication is directed to the appropriate point of contact.

Maxine Myatt-Jones, Fingerprint Manager
