2026/649 - Penalty Charge Notices (PCNs) and Fixed Penalty Notices (FPNs)

Although excess cost removed the forces obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

In response to your recent request for information regarding;

I am writing to request information under the Freedom of Information Act 2000.

I would like to request the following information from your organisation relating to vehicle registration plates, enforcement notices and cases involving incorrect or fraudulent vehicle identification.

I would be grateful if you could provide the following information for the last three years, broken down into calendar years:

1. Number of charges

Please provide the total number of Penalty Charge Notices (PCNs), Fixed Penalty Notices (FPNs), road user charging notices, bus lane penalties, parking penalties or other vehicle-related enforcement notices.

Please find attached the number of charges included for the last 3 years.

We can't break the offences down further to PCN's / FPN's.

2. Enforcement notices

Please provide the total number of enforcement notices that could not be pursued because:

- **The registration mark could not be reliably read.**
- **cloned vehicle / cloned registration plate**
- **registration plate altered, obscured or otherwise fraudulent**
- **The vehicle identified in the notice was determined not to be the offending vehicle**
- **Please remove or inform us if emergency vehicles are part of this data**

Our information is set up and searchable for our policing purposes. To obtain the information in the format you have requested would involve manually reviewing each record on our force system. The cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (FOI) Fees and Appropriate Limit regulations 2004.

Therefore, in accordance with the FOI Act 2000 the information you have requested is exempt under Section 12 (1), and this letter acts as a Refusal Notice under section 17 (5) of the legislation.

3. Cancelled charges

Please provide the total number of charges that were subsequently cancelled:

- The registration mark could not be reliably read.
- cloned vehicle / cloned registration plate
- registration plate altered, obscured or otherwise fraudulent
- The vehicle identified in the notice was determined not to be the offending vehicle
- Please remove or inform us if emergency vehicles are part of this data

We can provide the number of cancelled offences, as per the attached, but we don't hold the reason as to why it was cancelled.

4. Complaints/reports

Please provide the number of reports received from motorists claiming their vehicle registration plate had been cloned Please provide the number of cases where your organisation accepted that a cloned registration plate had been used.

Occurrences reported between 01/01/23 and 02/07/26 with "clone/cloned/cloning" in the occurrence summary. Flag has been applied where "vehicle", plate(s) and VRM are present:

5. Intelligence on fraudulent plates

Please provide any strategic assessments, problem profiles or intelligence reports produced concerning the growing use of cloned, ghost or fraudulent registration plates.

Please see the answer to question 2.
