2026/724 - TAXI / UBER Drivers

In response to your recent request for information regarding;

1. Data about sexual offences committed by taxi and Uber drivers across the last to three years. These crimes do not necessarily have to be committed during the journey - it can also be the case of the passenger(s) having been sexually attacked after they had left the vehicle. We'd need numbers for the last 2-3 years to estimate if there has been a rise of these crimes - and if possible, also the number of those instances where it ended with the taxi/Uber driver serving a sentence.

Sexual Offences 2023 - 2026 where occupation type of offender = driver/taxi driver/mini cab driver and/or a keyword search of the occurrence summary for "driver", taxi, "uber" and/or employer name "uber":
