2026/788 - Crimes Involving Asylum Seekers

In response to your recent request for information regarding;

Thank you for your response to my Freedom of Information request (Reference 2026/693).

Could you please confirm:

1. Which crime recording or case management system(s) were used to produce this information.

RMS Niche using Business Objects

2. The searchable field names within those system(s).

RMS Occurrence Data extracted using RMS Occurrences Universe in Business Objects - Fields names:

- a. Occurrence #
- b. Reported Date
- c. Perp Flag is a calculated field based on Involved Classification
- d. Offence HO Group1
- e. Offence HO Group2
- f. Outcome is a calculated field based on Status Code
- g. Involved Classification
- h. Involved_ID

3. Which field contains the immigration status values shown in your response.

Immigration Status comes from RMS Person Universe and is linked to dataset using Involved ID against Person ID

4. Whether that field has a predefined list of values (drop-down or pick list) and, if so, whether you could provide the available values.

Immigration status field is captured in detainee information in custody records – drop down list below:
