NORTH WALES POLICE
 A safer North Wales

Do you care about the way our diverse communities are policed? Would you like to help North Wales Police in their drive to engage and listen to the diverse communities here in North Wales? If the answer is “yes” and you celebrate living in a diverse community perhaps you’d like to join North Wales Police’s Diversity Independent Advisory Group.

The group act as a ‘critical friend’ to NWP and give policy advice as well as giving a lay perspective on police incidents and we’re looking for more advisers to join this well established group. We need members who have knowledge of groups or communities that are traditionally under-represented in society. If you think you can help NWP understand the diverse community it polices and would enjoy working as part of a team that has a wide range of backgrounds and experiences then please complete the following questionnaire and return it to the address overleaf or contact the Diversity Unit on 01745 588 483.
