2025/1244 - Section 127(1) Communications Act 2003 Section 1 Malicious Communications Act 1988

In response to your recent request for information regarding;

From all arrests in the calendar year 2024 recorded by North Wales Police, where either of the following offences is recorded on the custody record (whether as the main or a secondary offence):

- **Section 127(1) Communications Act 2003**
- **Section 1 Malicious Communications Act 1988**

please select up to 40 arrests using a neutral method (for example, a simple random selection or, if that is not practicable, the first 40 eligible arrests by date in 2024).

For each arrest in that sample, please provide:

- 1. An anonymised reference (e.g. A1, A2, A3 etc.)**
- 2. The date of the arrest (month and year only, e.g. May 2024)**
- 3. Which of the above offences is recorded (s.127(1) Communications Act 2003, s.1 Malicious Communications Act 1988, or both)**
- 4. The existing short "offence summary" / "crime summary" / "custody record description" / "modus operandi (MO)" text (or equivalent field) that describes the communication or conduct**

I am not seeking any direct identifiers. In particular, I do not require:

- **Names of suspects, victims or witnesses**
- **Exact addresses or postcodes**
- **Dates of birth**

**Yn gwneud Gogledd Cymru'r lle mwyaf diogel i fyw, gweithio ac ymweld yn y DU
Making North Wales the safest place to live, work and visit in the UK**

- **Exact times of day**

I am content for you to redact or generalise any information you consider necessary to prevent individuals from being identifiable (e.g. replacing names with "[male]", "[female]" etc.). If, after attempted redaction, you consider that a particular record still cannot be anonymised adequately, I am content for you to simply omit that record from the sample and instead include another eligible arrest.

In order to remain within the cost limit, this request is deliberately limited to 2024 and a maximum of 40 arrests. If providing offence summaries for 40 offences would still exceed the cost limit under section 12 of the Act, please instead provide the largest number of sample offence summaries that you can within the cost limit, and state how many arrests were included in the final sample. If there were fewer than 40 eligible arrests in 2024, please include as many as would remain within the cost limit. If there were no eligible arrests, please state this.
