2025/540 - Speeding fines

In response to your recent request for information regarding;

- **The number of successful prosecutions secured for exceeding the speed limit on the roads with reference specifically to TRACTORS and/or agricultural vehicles (as opposed to any other vehicle type)**

See attached report of tractor offences captured and processed by the Unit. The results of these vary from a warning letter, FPN, course or prosecution.

Please note: in relation to officer issued tickets we do not hold the data down to vehicle type so the make/model has been provided.

- **Please provide tractor/agricultural vehicle speeding prosecution figures for 2022-23, 2023-2024, 2025 so far.**

See attached.

- **Can you please identify the HIGHEST illegal tractor/agricultural vehicle speed (in mph) recorded by the force, and what the speed limit of the road was at the time of the offence**

See attached.

- **If possible, please provide details of the ultimate prosecution (fine, points on licence, etc) for the individual who recorded the highest speed while driving a tractor/agricultural vehicle.**

We do not hold this information as the courts would impose fine and points. We do offer a fixed penalty of £100 and 3 points in cases eligible for such offers and a speed awareness course offer for those who meet the National criteria.

THIS INFORMATION HAS BEEN PROVIDED IN RESPONSE TO A REQUEST
UNDER THE FREEDOM OF INFORMATION ACT 2000, AND IS CORRECT AS AT 27/05/2025
