2025/613 - Collisions involving e-bikes and e-scooter

In response to your recent request for information regarding;

- **The number of collisions involving electric powered bicycles (popularly known as e-bikes) for each calendar year from 2018 up to and including 2024. Also the number of casualties and fatalities that happened as a result of those collisions**
- **The number of collisions and casualties involving electric powered cycles (known as e-cycles) for each calendar year from 2018 up to and including 2024. Also the number of casualties and fatalities that happened as a result of those collisions**

Please note:

The injury road traffic collision (RTC) data is sourced from the Home Office Stats19 returns for the period of 01/01/2018 – 31/12/2024. Please note that 2024 data is considered provisional, therefore subject to change.

Electric powered pedal cycles and E- Scooters are not included as a specific vehicle category in the Stats19 recording procedure therefore a word search was conducted for these vehicle types.

Electric powered pedal bicycles collisions

Year	Fatal	Serious	Slight	Total
2020	1	1	2	4
2021	1	3	2	6
2022		2	4	6
