**2025/790 - Tool theft data (past five years)**

In response to your recent request for information excess cost is relevant which removes the forces obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

- 1. The number of reported incidents of tool theft recorded by your police force for each of the last five calendar years (2020, 2021, 2022, 2023, 2024), and if available, year-to-date data for 2025.**
- 2. For each year, please provide a breakdown of:**
  - **The number of thefts from vehicles, residential properties, construction sites, or commercial premises (if this categorisation is available).**
  - **The estimated total value of tools reported stolen each year (if recorded).**

Search Criteria;

I have searched all reported theft occurrences between 2020-2024. Tool Theft counts are dependent on property type being entered, therefore under reporting may be likely.

I have split the data into 3 tabs: "From Vehicle", "Residential" and "Building Site".

The "From Vehicle" is filtered to Gen Prop Type = "Tools" or "Machinery or tools" and HO Description "Theft from a motor vehicle".

The "Residential" is filtered to Gen Prop Type = "Tools" or "Machinery or tools" and HO Description includes "Residential"

The "Building Site" is filtered to Gen Prop Type = "Tools" or "Machinery or tools" and Location Subtype as "Building site".

#### From Vehicle

Tool Theft counts are dependant on property type being entered, therefore under reporting may be likely.  
This search is filtered to Gen Prop Type = "Tools" or "Machinery or tools" and HO Description "Theft from a motor vehicle"

"Seized" classification does not necessarily mean it will relate to "stolen" goods. It could be a tool used in the offence has been seized or it could be the stolen goods found and seized. To clarify if the seized item were stolen would involve manually reviewing each record on our force system. The cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (FOI) Fees and Appropriate Limit regulations 2004.

Therefore, in accordance with the FOI Act 2000 the information you have requested is exempt under Section 12 (1), and this letter acts as a Refusal Notice under section 17 (5) of the legislation.

#### Residential

Tool Theft counts are dependant on property type being entered, therefore under reporting may be likely.

This search is filtered to Gen Prop Type = "Tools" or "Machinery or tools" and HO Description includes "Residential"

"Seized" classification does not necessarily mean it will relate to "stolen" goods and to confirm would require a manual search as mentioned above.

#### Building Site

Tool Theft counts are dependant on property type being entered, therefore under reporting may be likely.

This search is filtered to Gen Prop Type = "Tools" or "Machinery or tools" and Location Subtype as "Building site"

"Seized" classification does not necessarily mean it will relate to "stolen" goods and to confirm would require a manual search as mentioned above.
