

Response Date:30/10/2026

2026/1078 - using a mobile phone while driving

In response to your recent request for information regarding;

I am writing to request the following information under the Freedom of Information Act 2000:

The number of motorists caught using a mobile phone while driving for the years 2023, 2024, 2025 and 2026 to date.

- a. Please can this be broken down by age, age and gender, and month of offence for each year.**
- b. If time allows, please also provide the number of offences broken down by age and time of day, e.g. 12am - 1am, 1am, - 2am, etc.**
- a. If you're unable to break down by hours of the day, please provide for day time / night time offences, e.g. 7pm - 7am, 7am - 7pm**

Clarification requested (in relation to fixed camera detected offences):

Our offences hail from speed cameras, and as such, we do not record gender at all on our systems.

Do you require a report just under the age?

However, please note that any stats provided will be flawed as we don't always hold the date of birth as sometimes, we cannot locate the driver. This is very much dependent on the information provided to us by members of the public.

Clarification received:

I would still require a report under just the age.

If possible, having it broken down by time of offence would be helpful, too, as stated in points b and c:

b. If time allows, please also provide the number of offences broken down by age and time of day, e.g. 12am - 1am, 1am, - 2am, etc.

c. If you're unable to break down by hours of the day, please provide for day time / night time offences, e.g. 7pm - 7am, 7am - 7pm
