

Response Date:30/10/2026

**2026/1111 - Deliberate fires**

In response to your recent request for information regarding;

**Please provide the following information held by North Wales Police for incidents occurring within its force area between 1 April 2014 and 31 March 2026, broken down by financial year.**

**I am interested in incidents reported to or investigated by the force that were recorded as suspected or confirmed deliberate fires involving vegetation or open land-for example grassland, parks, heath or moorland, woodland, crops, scrub or peatland.**

**Please provide, in aggregate and in a readily available electronic format:**

- 1. The annual number of such incidents or investigations recorded as deliberate or suspected deliberate.**
- 2. For those incidents, the annual number recorded as a crime, with the offence category or code used-for example arson, criminal damage by fire, or another offence. Please distinguish these from incidents recorded as deliberate fires but not recorded as crimes, where your systems allow this.**
- 3. For recorded suspects linked to these incidents, the annual number of incidents with at least one suspect recorded, and the number of suspects by age band at the time: under 10, 10-17, 18-24, 25 and over, and age unknown or not recorded. Please distinguish incident counts from suspect counts if both are available. These figures should identify suspects only and should not imply that they were convicted.**
- 4. Any existing aggregate information on investigation outcomes for these incidents, such as charge, out-of-court outcome, no further action, unresolved, or other recorded outcome.**
- 5. I seek aggregate data only. Please do not provide personal data or case narratives. I am seeking information already held in a readily retrievable form; I am not asking the force to review individual case files or conduct new research.**

**If you do not hold a searchable category for vegetation fires or wildfires, please say so and provide the closest relevant existing aggregate data you can identify, explaining what it covers. If any part of this request would exceed the cost limit, please provide advice on how I could narrow it and answer any parts that can be dealt with within the limit.**

Search Criteria;

Occurrences of Arson between 01/04/2014 and 31/03/2026 where either:

1. location subtype is a relevant open area
2. Summary contains grassland, heath, moor, wood, crop, scrub or peat

To ensure relevance to your request would require manually reading each occurrence. The cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (FOI) Fees and Appropriate Limit regulations 2004.

Therefore, in accordance with the FOI Act 2000 the information you have requested is exempt under Section 12 (1), and this letter acts as a Refusal Notice under section 17 (5) of the legislation.

Although excess cost removed the forces obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.
