2026/729 - Illegal hunting

In response to your recent request for information regarding;

Under the Freedom of Information Act 2000 I should be grateful if you could provide your Force's recorded data for homophobic and transphobic hate crimes/incidents for the calendar years 2020 to 2025. I appreciate you will not have 2026's figures to hand but any contemporaneous figures or trends emerging would additionally be incredibly helpful.

Please supply the data in machine-readable format (CSV preferred) and include the following fields where available:

- **Year**
- **Hate type (homophobic; transphobic)**
- **Offence category (e.g., assault, public order, criminal damage, sexual offence, other)**
- **Number of recorded incidents**
- **Outcome (e.g., charged, cautioned, no further action, under investigation, other)**
- **Lowest available geography (local authority / policing area)**
- **Victim age band and gender (if recorded)**
- **Notes on data completeness or changes in recording practice (including from what year electronic records begin)**

If exact matches to the categories above are not held please provide the closest available breakdown and a brief note explaining any differences or gaps.

NWP have 2,391 incidents between 2020 to 2025, see below:
